

Freelance Opportunities

Freelance Art Directors and Senior Designers

At Nucco Brain we're always on the lookout for talented and experienced Art Directors and Senior Designers. We love to talk with creatives who can fit into our busy studio, take on a project pitch, and then run the work all through the production process.

You will work closely with our Creative Leads, Production and Account Management teams and be responsible for setting the artistic vision for the projects before leading them through to completion. We expect a mix of managing and hands-on doing, delivering top-level creative ideas as well as practical execution.

If this sounds like you and you're comfortable with all aspects of production - moodboards, styleframes, digital assets and animation - and able to produce high standard graphics and illustrations for all digital channels, drop us a line and let's chat.

To apply to be included in our network of freelancers, email hr@nuccobrain.com.
